Dear Clubs

Football Queensland has confirmed the process clubs are required to follow for 2025 pre-season matches.

In line with previous seasons, all pre-season matches will require sanction approval from Football Queensland.

Clubs will be required to use Squadi for the publishing of pre-season matches and recording of results, including the submission of team sheets, referee appointments and payments.

Further information on the process for 2025 pre-season games is available in the [2025 Pre-Season Game Process document](#).

For any further enquiries, please contact Football Queensland on [sanctions@footballqueensland.com.au](mailto:sanctions@footballqueensland.com.au)

End.
